

Mosaic™ (HBC 369 cv)

As the daughter of Simcoe some would say you have big shoes to fill. This aroma variety fills and goes further with an array of fruit, citrus, herbal, pine and earthy characteristics. Great hop for the APA and IPA's that are so popular currently, but don't expect supply to last til next harvest so order now to avoid disappointment.

Alpha Acids 11.5 - 13.5 %

Total Oil Composition 1.0 – 1.5 mL/100g

"An excellent aroma variety"

Dear Friends of Hopco, with Christmas fast approaching we have so much news with so little time to share. Jane and Sandy thank everyone for their wishes having welcomed baby Amelia into the world with all in good health and going well. During the Christmas period we will be closed from the 24th of December to the 5th of January however some emergency orders may be processed during this time. On behalf of everyone at Hopco we wish you a very merry and safe Christmas and Festive season.

During Sandy's recent visit to Germany he happened to come across the Brewik's 2hl microbrewery. This neat little unit is perfect for the pub brewery or entry level into the brewing industry. This two vessel system is incredibly simple and versatile, for more information please don't hesitate to ask

We have started receiving 2014 US Varieties and as to be expected they are flying out the door, varieties include Amarillo, Cascade, Centennial, Citra, Mosaic and Simcoe. Big thank you to the new team at Hopunion for making this happen. New varieties so far; Azacca, El Dorado and Jarrylo, hopefully more to follow.
